

# WAWP Autumn Meeting 2020

*Online Presentation for Young Researchers and Students*  
*Sunday, November 22, 2020*

The Wood Anatomy and Wood Property Research Group (WAWP) planned an online meeting to provide young researchers and students with opportunities for research presentations and discussions. Many research meetings, including the 70th annual meeting of the Japan wood research society in Tottori, have been canceled due to the COVID-19, and the opportunities for research presentations are decreasing.

We hope that the presentations in this online meeting by all the young people will lead to the exchange of information on new findings regarding the wood anatomy and wood quality research field. We look forward to your participation!

## Online Meeting Dates

9 am – 4 pm, Sunday, November 22, 2020, JST

## Aims of this meeting

- To discuss and share the new findings in wood anatomy and wood property research.
- To provide an opportunity of presentation to the young researchers and students.

## Focused Area

- Wood Anatomy
- Wood Property
- Wood Quality

## Registration

- Registration for WAWP Autumn Meeting 2020 is FREE. However, you need to register to be able to access the links to the sessions.
- Please register from the Google form.  
<https://forms.gle/vAoCCckn8dx4eE8s8>

## Important Dates

### Submission of Paper

- Friday, November 6

### Abstract Submission:

- Friday, November 13

### Registration

- Friday, November 13

### Zoom Connection Test

- To be announced.

## Instructions to Presenters

- All presentations are made by Zoom (<https://zoom.us>).
- **13 minutes talk**
- **7 minutes discussion**
- During presentation, presenter share screen and show slides that is prepared by PowerPoint.
- For questions and answers, the questioner should express his / her intention in chat during the presentation. The chair will choose questioner.
- Connection test: The presenter must perform a connection test. We will contact presenters directly about the date and time.
- \*If you are not a presenter and would like to have a connection test, please contact person in charge ([nakaba@cc.tuat.ac.jp](mailto:nakaba@cc.tuat.ac.jp)).
- The abstract of the presentation will be **about half a page of A4 paper**. For the submission, we will contact the presenters directly.
- The contents that have already been presented are also acceptable. Therefore, we do not inhibit duplication of the presentations at this meeting with the 70th Annual Meeting of the Japan Wood Research Society in Tottori.
- We leave the decision on whether to deal the presentation at this meeting as a research achievement up to individual presenters. When you use the presentation at this meeting as a research achievement, please pay attention to the content and title to avoid duplication. If you are a student, please discuss with your supervisor before application.
- If there are too many applications, we will select the presentation based on the research field and affiliation.

## Instructions for Participants

- All presentations are made by Zoom (<https://zoom.us>).
- Information on Zoom meeting is to be sent from the organizing committee.
- If there are too many participants, we may ask for your cooperation, such as viewing together in a laboratory, due to the limit of Zoom connections (up to 100).
