『The Effects of Lignins as Diet Components on Physiological Activities of a Lower Termite *Coptotermes formosanus*』

Didi Tarmadi, Tsuyoshi Yoshimura, Yuki Tobimatsu, Masaomi Yamamura, Takuji Miyamoto, Toshiaki Umezawa

①スライド作成で工夫した点

I tried to create the attracted PowerPoint with the clear characters, the consistent color for every main topics such as introduction, experimental designs, results, and summary. The differences of colors are also very helpful for explain the difference of sample. I expressed the experimental design with the combination of the clear text and the attracted pictures. In addition, I also put the attracted figures and shortly text in the results section to helping the audiences to understand my talking.

②スピーチで工夫した点

In case of presenting the presentation (speech), I tried to speak slowly and clear pronunciations. The understanding of the key points in every slides is very helpful.

③練習方法等

I have no special practice methods for the presentation. I just did practice several times before delivering the presentation.
