**Outline of Poster Preparation**

●Poster Specifications
・Size: Portrait A0 (Height: 1189 mm x Width: 841 mm)
・File type: PDF format
・File size: up to 10MB

●Notes on Poster Preparation
・There are no restrictions on text layouts and fonts.
・Hyperlinks might become invalidated.
・GIF animation does not work. Please use still images only.
・We recommend using single-color components as opposed to gradation, as gradation may not come out properly.
・We recommend using font size normally accepted in ordinary (non-digital) poster presentations.

●Notes on PDF output
・If you use PowerPoint to prepare a poster, generate PDF file by using [Export] function.
・Make sure to embed fonts when generating PDF. In case of PowerPoint, select [Option] > [PDF/A Compliant].
・There are no special rules on file title.
・Do not set up a security password on the PDF file.

●The outsourcing contractor will add the following security protections on the received PDF before presenting them as e-posters:
・Download prohibition
・Copyguard
・Prohibition of direct link from external sites

●File submission
・Upon logging on to your [My Account] of Confit, which you used to register for participation and presentation, please proceed to [Final Submission].
・Upload deadline: 17:00 on March 3, 2021 (Wed)
 *Uploading is available from 13:00 on February 24, 2021 (Wed).

- Please observe the uploading deadline, as the outsourcing contractor needs to add security features to each file in time.
- You cannot replace PDF files after the deadline. Please make sure to submit the final version before the deadline.
